## PRODUCT QUALITY CONTROL DATA

According to EN 10204-2.2

We certify that this product conforms to the relevant Chemours product specifications. All other warranties, including those as to fitness for purpose and merchantable quality of goods produced from this product are specifically excluded.  
The Quality Management System of Chemours Dordrecht Works in the Netherlands, has been certified according to ISO 9001:2015.

The scope covers the manufacture of Teflon<sup>®</sup> PTFE, Teflon<sup>®</sup> FEP and Zonyl<sup>®</sup> PTFE products and the supply of Teflon<sup>®</sup> PTFE, Teflon<sup>®</sup> FEP, Zonyl<sup>®</sup> PTFE, Teflon<sup>®</sup> FFR, Teflon<sup>®</sup> PFA and Tefzel<sup>®</sup> ETFE products.

Data from our Quality Control tests relating to this product follow. These values have been taken from measurements made on a statistically representative sample. Please refer all inquiries to the Chemours sales representative at your nearest Chemours sales office.

Approved by Dordrecht Works Quality Assurance Manager.

|                       | Value | Unit   |
|-----------------------|-------|--------|
| <b>Characteristic</b> |       |        |
| Melt flow rate        | 32.5  | g/10mn |
| Melt point            | 260   | °C     |
